**352 The Clown Somersaulting Money Bank**

This is a really rare tin mechanical bank in its original cardboard box. Place a coin in his arms and gravity takes over, somersaulting him over to deposit it. There are less than 10 known examples. Pristine Condition (Box fine with tears). Estimate: 3,500.00 - 4,500.00

**353 Court Jester Standing Mechanical Bank**

European - 1910 - 15" Tall. A very rare mechanical bank (less than 10 known examples) that depicts a Court Jester standing on a tiered base. Place a heavy coin in his hand and gravity takes over, depositing it into his satchel. He then tips his head to nod "Thank you". Missing its sheet tin flag. Very Fine Condition

**357 Boucher Live Steam Tin Speed Boat c 1920 Unfired**

Mint with tin hull containing live steam plant and wick burner inside. Also included is a custom made wood stand. Boat measures 26 inches long. Excellent high quality paint. The finest example of a rare 100-year old boat, sleek and elegant in spectacular un-played with condition, by the renowned American manufacturer. Comes with original Boucher-made life-jacket, an accessory offered for sale in their catalog (pictured). Horace E. Boucher (1874-1935) was a naval architect who headed the U.S. Navy's model shop. He created ship models that came to be prized by museums all over the country — more than 40 are displayed in the Smithsonian Institute alone. He established the Boucher Model Shop in 1905 in Manhattan and began manufacture of toy and model boats powered by horizontal center flue steam
